Memorial Day BBQ (05/25/2021)

Good morning fellow Lions,

For those that missed my update on 06/01/2021 on the status of the clubs BBQ team, this smoker was purchased in 2007. With some push back from several members that could not envision this \$7,000 expenditure as a smart use of the clubs money but later changed their opinion. Since that time, we have catered over 50 events including, country western parties, FOL fundraising dinners, wine customer pick up dinners, anniversaries, reunions, weddings, community sales at CVS, etc. and generated over \$50,000 for the club charities!!

These events would not have been possible without the dedication and hours of, my senior advisory team of **Don Zschoche, Mike Beal & Mike Zaydel.**

Lion **Don Zschoche** is the "Smoke Master" keeping the smoker operating at peak performance along with meat preparation, monitoring the temperatures, packaging the finished products and assisting with cleanup of the equipment and returning the smoker and supplies to storage.

Lion **Mike Beal** is the teams system engineer responsible for hooking up the smoker and concession trailer with water & power. This includes repairing any equipment as needed and assists with cleanup after each event. He assists me with the purchasing of supplies & meat for each event as well as assisting with vacuum sealing and labeling the finished meat.

Memorial Day BBQ (05/25/2021) (cont.)

Lion **Mike Zaydel**, club treasurer, provides the funds needed to purchase meat & supplies required for each event and gives a financial report of the results. He is the contact person for ordering and paying for the various BBQ options we are smoking. He monitors the packaged order pickup & distribution at the end of the day.

Lions **Bob & Dorothy McCarty** have generously provided space and electricity to keep the lights and refrigerator operating in the concession trailer between events as well as cleaning and organizing it after each event. Our smoker wood supply is also stored at their property.

Lion **Jeff Nokes** provided his home and vacant lot for meat preparation, power & water for the equipment as needed for the Thanksgiving & Memorial Day BBQ's.

There are **34 Lions** that expressed an interest in helping the BBQ team but the same **10-12 Lions** are the ones that consistently provide the needed support. If you have an interest in seeing the process we go through, please let me know and you are welcome to join us on our next event, which will most likely be Labor Day weekend.

"Smokin' For Charity"

Lion **John Spoerlein** - Pitmaster

Lions Club of Lago Vista BBQ Team

District 2-S3 Check Presentation (06/08/2021)

Lago Vista LEO Madison Jackson (left) accepted the \$1000 District 2-S3 check from **Lion Cathy Petross** (incoming Co-LEO Advisor) for winning the District 2-S3 Diabetes Awareness Essay Contest.
